Ancom's Filing Systems Web Site Goes Live with Phase I of Major Redesign

(Ancom Corporate Headquarters, Brunswick, OH) – Ancom presents its redesigned web site, featuring better search and easy navigation. *Ancom-filing.com* aims to ease visitors' online experience when shopping for filing and office supplies with streamlined search and a comprehensive checkout. Further enhancements are planned for Phase II.

Besides a new layout, the reworked web site features the latest technology for secure online credit card processing, while still offering existing customers the option of billing. With automatic calculation of tax and shipping, the site now provides a complete receipt upon checkout.

The *ancom-filing.com* Product Catalog features over one thousand products in categories such as File Folders, File Cabinets, Mobile Filing Systems, Pouches and Hangers, Indexes, Labels, and Forms and Envelopes, with links right on the homepage. A comprehensive library of detailed product images guides visitors through the shopping process.

Other completely new site elements include About Us, FAQs and an expanded Clearance section. New products and monthly specials are highlighted on the homepage and link visitors directly with the offerings.
