### FOR IMMEDIATE RELEASE

#### Ancom's New Pre-assembled Hanging Folders

(Ancom Corporate Headquarters, Brunswick, OH) – Ancom now offers FasTab™, a heavy-duty, completely assembled hanging file folder.

No more plastic tabs and inserts; FasTab™ hanging folders have built-in two-ply tabs permanently attached. 20% larger than standard 1/3-cut tabs, these tabs are also embossed for easy, accurate label placement. Larger tabs accommodate more information including handwriting. Two-ply construction increases the sturdiness of the tab.

The hanging rod is secured with glue on both sides for durability, stability and strength. The rod tips are coated with a ceramic compound for easy sliding on frames. The hanging folders are available in both letter and legal sizes.

Ancom's Product Specialists are experts with a complete line of front office and filing products to match your station's needs. For more information, contact Ancom Business Products at 800-845-9010; or visit the website at [www.ancom-filing.com](http://www.ancom-filing.com).
