FOR IMMEDIATE RELEASE

Ancom's New Pressboard Classification Folder with attached Wallet Divider

(Ancom Corporate Headquarters, Brunswick, OH) – Ancom now offers a new expanding pressboard classification folder with attached wallet divider.

This sturdy pressboard classification folder with Tyvek[®] gussets expands to hold up to 2" of materials. The attached wallet divider expands to 1" and can easily accommodate small objects or papers that cannot be two-hole punched. "K"-style fasteners embedded on both the front and back panels, as well as two twin-prong fasteners on a standard divider, allow you to store information under several subdivisions in a single folder.

The wallet divider has a VELCRO[®] closure to neatly secure items and pages that are impractical to hole punch. The classification folder is available in both end-tab and top-tab styles as well as legal and letter sizes. Both styles include recycled material.

Ancom's Product Specialists are experts with a complete line of law enforcement office and storage products, including gun storage to match your exact departmental needs. For more information, contact Ancom Business Products at 800-845-9010; or visit the website at www.ancom-filing.com.
