FOR IMMEDIATE RELEASE

Ancom Expands Weapons Storage Line with Weapons Cart

(Ancom Corporate Headquarters, Brunswick, OH) – Ancom expands its line of secure, adaptable, space saving weapons storage solutions with a weapons cart. A sturdy storage rack on wheels with a substantial handle, the carts are made of a unique material that will not mar, scratch or damage the weapons being stored. Rubber bumpers on the corners of the cart cushion the cart contents and prevent damage to walls or objects in the room from accidental impact.

Distinguishing features of this cart include lack of back panels, which make the unit lighter and easier to maneuver, and optional handgun inserts to enhance weapons storage flexibility. Carts are double faced and come in three sizes, accommodating anywhere from 22 to 30 guns, and in lengths from 36" to 48". For increased security a locking bar can be added to these carts as well. Personnel in charge of armories, weapons vaults, ranges and property rooms will appreciate the rugged, easy to use cart.

Ancom's Product Specialists are experts with a complete line of high-density filing system and storage solutions to match your exact business needs. For more information, contact Ancom Business Products at 800-845-9010; or visit the Law Enforcement page under the Industries menu on the Ancom website at www.ancom-filing.com/Industries/lawenforcement.aspx.
